COMMERCIAL MULTIBOILER ESPRESSO

BARISTA ATTITUDE & CIME FLAGSHIP

BARISTA ATTITUDE • STORM LINE

TEMPESTA MULTIBOILER

Official partner of the World Barista Championship. Independent group multi-boiler architecture with live flow & pressure curve touchscreen graphs.

- Independent 1.2L brew boilers with dedicated 5" touch screens
- Super Dry steam system with optional technician Steam Boost
- Extreme thermal precision maintained within ±0.2°C

STEAM BOILER	8.5 Litres
GROUP BOILERS	1.2L × 2 Units
POWER RATING	4800–5230 Watts
DIMENSIONS	103.5 × 61.8 × 50.0 cm

CIME MACCHINE ESPRESSO ITALIANE

SATURNO MB-60

Next-gen multi-boiler commercial powerhouse featuring intelligent auto-off energy management, independent group PID regulation, and touch interface.

- 3.2" touchscreen displaying real-time boiler temperatures
- Up to 40% energy savings via insulated boilers & Eco mode
- Cool-touch AISI 316 stainless steel steam wands (12mm)

STEAM BOILER	8.0 Litres
GROUP BOILERS	1.0L × 2 Units
POWER RATING	4700 Watts
DIMENSIONS	80.0 × 60.0 × 46.0 cm

CIME COMMERCIAL CORE LINE

ITALIAN CRAFTSMANSHIP & RELIABILITY

CIME ESPRESSO

CO-05 PID

Classic E61 thermosiphon group heads with mechanical pre-infusion and digital PID thermal stabilization.

- 2.5" central digital parameter display
- Emergency auxiliary dispensing switch
- Heavy-duty internal rotary commercial pump

BOILER	12.0 Litres
POWER	3000 Watts
SIZE	74 × 54 × 50 cm

CIME ESPRESSO

CO-03 NEO

Low-profile chassis designed for direct barista-customer communication with eye-catching ambient side LED blades.

- 3-position adjustable height worktop
- Integrated digital second shot timers
- Illuminated downward LED work surface

BOILER	12.0 Litres
POWER	3000 Watts
SIZE	72 × 53 × 46 cm

CIME ESPRESSO

LUNA SB-20 / 1-GR

Sleek minimalist design available in Double Head (SB-20) and compact Single Head formats for precision coffee bars.

- Independent digital stopwatch counters
- Full automatic group cleaning cycle
- High-capacity copper boiler (11.5L / 5L)

BOILER (2G)	11.5 Litres
POWER (2G)	3000 Watts
BOILER (1G)	5.0L / 2000W

AUTOMATED & OFFICE COFFEE SOLUTIONS

SAECO PROFESSIONAL BEAN-TO-CUP

SAECO PROFESSIONAL

MAGIC M2+

Commercial bean-to-cup workstation featuring a vivid 7" touchscreen, dual hydraulic circuits for parallel coffee and milk delivery, and mains water connection.

- Variable chamber coffee group dosing 8.5g to 15g per extraction
- Silent automatic cappuccinatore with patented rinse system
- Compatible with MDB payment protocols & Saeco Pro.Up app

DISPLAY	7.0" HD Touchscreen
BEAN HOPPER	1.2 kg Capacity
WATER SUPPLY	4.0L Tank or Mains Plumbed
DIMENSIONS	28.0 × 47.0 × 48.1 cm

SAECO PROFESSIONAL

ROYAL OTC

Modern capacitive one-touch cappuccino machine designed for executive boardrooms, boutique hotels, and premium office hospitality spaces.

- One-touch selection for cappuccino, latte macchiato, & espresso
- Durable steel conical burrs with manual micrometric settings
- Height-adjustable dispenser (75–160 mm) for diverse cup sizes

DISPLAY	2.5" Graphic Icon Screen
BEAN HOPPER	600 g Capacity
WATER TANK	2.5 Litres (Autonomous)
POWER RATING	1400 Watts

COMMERCIAL PRECISION GRINDERS

EUREKA 1920 & OBEL MILANO

EUREKA 1920

ATOM W 65 & BASE

Instant Grind-by-Weight (GbW) precision espresso grinder with silent drive motor and hands-free taring.

- IPS capacitive touch screen with 3 weight presets
- Eureka ACE anti-clump & static elimination
- Pairs with under-grinder 10–30 kg auto tamper base

BURRS	65mm Hardened Steel
MOTOR	380W / 1370 RPM
DOSING	Grind-by-Weight (GbW)

OBEL MILANO

MITO ON DEMAND 64

Commercial electronic grinder engineered for sustained high throughput with active thermal fan ventilation.

- Large LCD screen with independent single/double dose
- Temperature-probe controlled forced ventilation
- Anti-vibration silent motor suspension

BURRS	64mm Flat Steel
MOTOR	350W / 1400 RPM
HOPPER	1.5 kg Capacity

OBEL MILANO

JUNIOR INOX & DOSER

Heavy-duty all-metal prosumer / decaf station grinder paired with traditional manual doser options.

- Mirror-polished stainless steel housing
- Stepless micrometer adjustment collar
- Mito 64 Doser variant for manual portioning bars

JUNIOR BURRS	50mm Steel (190W)
DOSER BURRS	64mm Steel (350W)
JUNIOR WEIGHT	6.5 kg Net

BATCH BREWERS & METROLOGY

BRAVILOR BONAMAT & ACAIA LAB

BRAVILOR BONAMAT

NOVO QUICK FILTER

Manual-fill commercial drip brewer brewing 1.7L Pyrex carafes in 5 minutes with dual self-regulating hot plates.

- 18 Litres / hour throughput (~145 cups)
- Uses commercial 85/245 mm paper basket filters
- Supplied with shatter-resistant 1.7L glass decanter

BREW TIME	5 Min / Decanter
POWER	2130W / 230V
SIZE	21.4 × 39.1 × 42.4 cm

BRAVILOR BONAMAT

PERCOLATOR 125

Double-walled stainless steel catering coffee urn brewing up to 125 cups for banquets and large conferences.

- 16 Litre total liquid holding capacity
- Built-in glass level gauge & non-drip dispensing tap
- Automatic dry-boil safety cutout & keep-warm cycle

CAPACITY	16 Litres (125 Cups)
POWER	2600W / 230V
SIZE	39.0 × 57.5 × 11.5 cm

ACAIA SPECIALTY LAB

LUNAR & PEARL SCALES

Water-resistant aluminum drip tray scales & precision pour-over scales with 20ms response time and auto-tare.

- 0.1g / 0.01g resolution with real-time flow rate indicator
- Portafilter plate expansion for commercial handles
- Includes 100g & 500g F2/M1 class calibration weights

LUNAR SIZE	10.5 × 10.5 × 1.5 cm
PEARL SIZE	16.0 × 16.0 × 3.2 cm
BATTERY	30–40 Hrs (USB-C)

SPECIALTY POUR-OVER & SENSORY TOOLS

BREWISTA ARTISAN, CAFEC & CUPPING SUITE

BREWISTA ARTISAN

1.0L VARIABLE KETTLE

Gooseneck electric kettle with to-the-degree digital temp control, flash boil, and ergonomic balance handle.

- 1°C digital temperature precision setting
- 60-minute automated keep-warm hold function
- Finishes: Matte Black and Pearl White with wood accents

CAPACITY	1.0 Litre
MATERIAL	304 Stainless Steel
SPOUT	Precision Gooseneck

BREWISTA SPECIALTY

TORNADO & X-SERVER

iF Design Award winners. Double-walled glass cone dripper with 18 spiral ribs paired with polygonal glass server.

- Double-wall construction retains brew temperature
- Polygonal carafe reduces swirling and captures aromas
- Heat-resistant laboratory borosilicate glass

DRIPPER	1–2 Cups (60° Cone)
SERVER	Handcrafted Polygonal
AWARD	iF Design 2023

CAFEC & RHINO GEAR

FILTERS & CUPPING SUITE

FSC-certified Japanese 2-sided crepe cone filters paired with professional cupping bowls, spoons, and sample trays.

- CAFEC Size 01 two-sided crepe paper (clean cup extraction)
- Rhino black-interior ceramic cupping bowl standard
- Silver-plated ergonomic cupping spoon & blue green-coffee tray

PAPER FILTER	CAFEC Cone Size 01
CERTIFICATION	FSC Eco Wood Pulp
CUPPING GEAR	Rhino Pro Suite
